

How to type onto a word document and turn in to your teacher

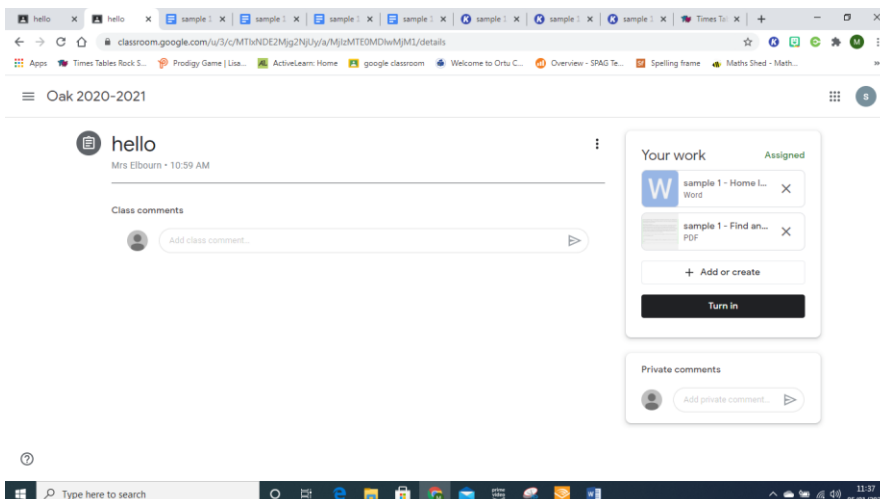

1. Open the assignment and click the Microsoft word attachment

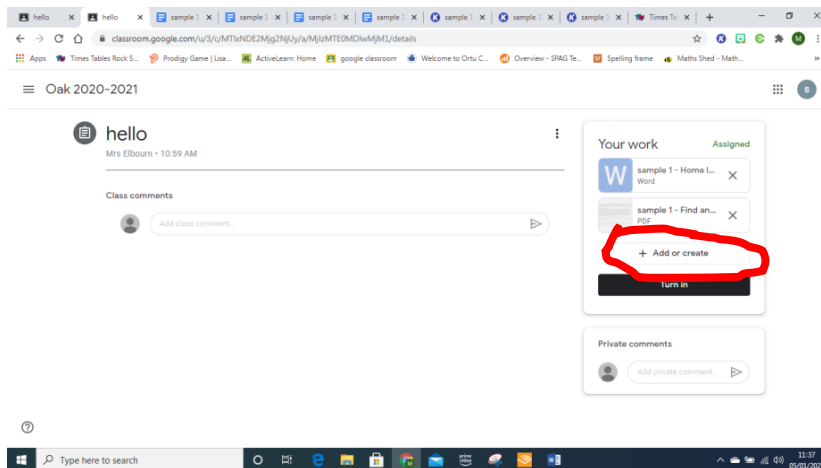

2. Click open with and then choose google docs.

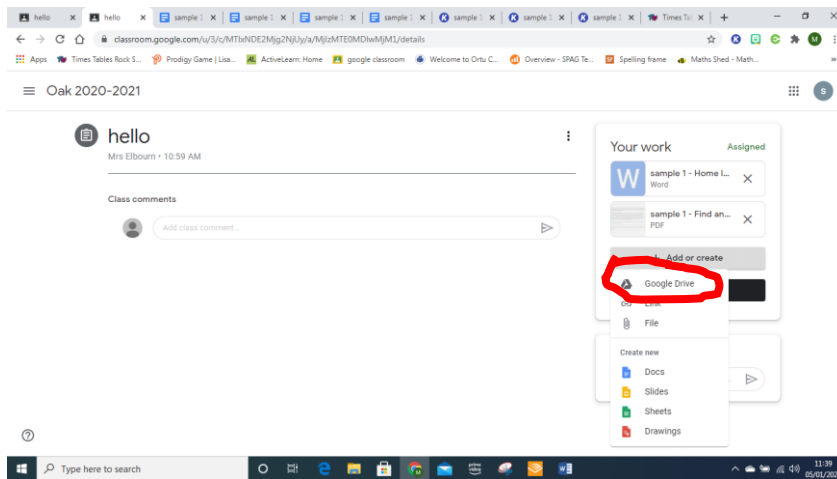

3. The document will now open in google docs. You can now type onto the document to complete the work.
4. Once finished, close the page and go back to the original assignment page.

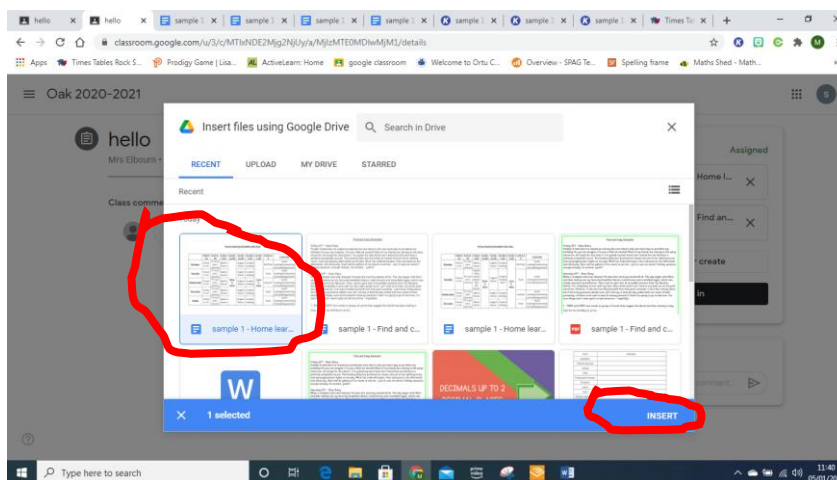

5. Click add or create

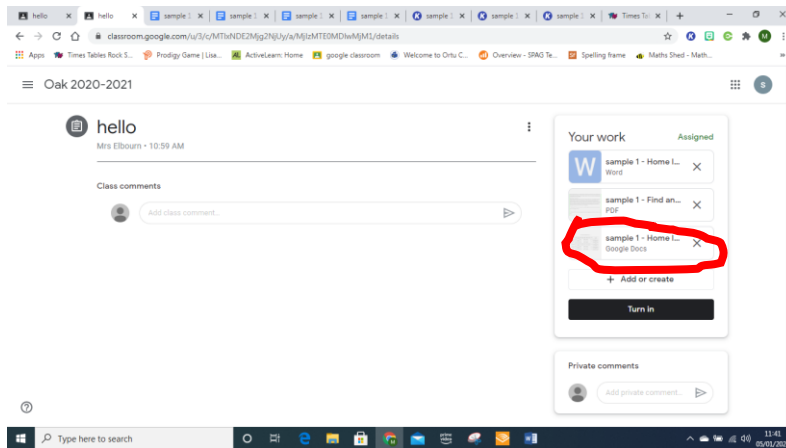

6. Choose google drive

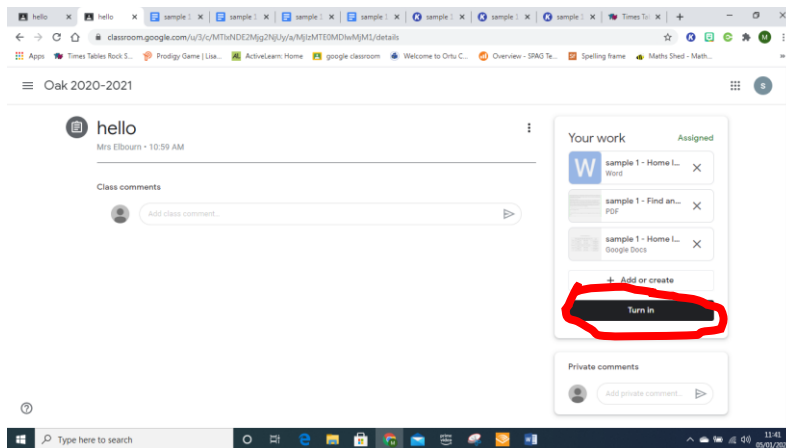

7. Now choose the document that you have just edited and click insert

8. Your new document is now added.

9. Now, just click turn in and you are done!

If you are using an ipad, you may need to install the google docs app first.
